

Benefits

- Easy to use and install
- Front illumination
- LED technology for long life

Key Features

- Touch sensor
- Demister Pad
- Portrait orientation
- Diffused LEDs
- CCT Color changing LED's

Product overview

The Aurora oval illuminated mirror offers a simple yet stylish solution for bathroom lighting. The touch sensor allows for easy operation whilst the in built demister pad ensures that the mirror will remain clear and give the best possible view.

Touching and holding the sensor allows the user to effortlessly switch between cool, warm and natural light using CCT technology.

All these features make the Aurora a perfect addition to any bathroom.
