# LED RE-CHARGEABLE RAIL LIGHT

## Installation instructions

Decide on Fixing Method. Measure the inside of the wardrobe to ascertain length of light unit required

If the unit needs cutting, Remove and cap from left side only. **IMPORTANT** ensure sensor and on/off switch are to the right hand side facing out. **DO NOT CUT FROM RIGHT HAND SIDE OF LIGHT UNIT.** This will damage the internal wiring

Saw light unit to correct length allowing for endcap and bracket length..

Replace end cap .

Drill M3 holes and screw horizontal bracket into side of wardrobe on both sides.

Slot light unit into bracket cradle .

**HANGING OPTION 2** Secure vertical brackets to either the side or top of the wardrobe

Please note that the maximum weight for the wardrobe rail is 20Kg

## Maintenance & Care

- Ensure that the power is disconnected prior to cleaning.
- To keep the finish of this product, wipe over with soft cloth periodically.
- Do not use harsh chemical solvents, it may dis-colour or damage the finish.
