

### Benefits

- Provides a diffused light effect
- LED technology for long service life
- Low power consumption

### Key Features

- Available in two lengths (600mm & 900mm)
- Available in Black and Silver
- Strengthened glass can support up to 10KG
- Contemporary, illuminated feature wall shelf
- LEDs embedded within the frame creates a stunning glow as the light travels through the glass

### Product overview

The Torino illuminated shelf is a fantastic way to inject some ambient yet functional lighting into any contemporary kitchen design.

Designed to promote a premium feel, the frame and mounting bracket are made from high quality Aluminium, whereas the shelf is made from tempered glass that can support up to 10kg. Low-power LEDs are also cleverly hidden within the frame to create a stunning glow as the light travels through the glass.

### Mechanical Specification

Dimensions (mm)	Weight (Kg)	IP Rating
600(W) x 200 (W) x 20(D)	2.5	20
900(W) x 200 (W) x 20(D)	3.5	20

### Technical Specification

	600mm	900mm
Wattage	5.4W	8.4W
Voltage	24V	24V
Light output	325Lm	482Lm
Lumens per Watt (Efficacy)	60	57
Colour Temperature	4500 Kelvin	4500 Kelvin
Cable Length	2 Meters	2 Meters
Operating Temperature	+5°C ~ + 55°C	+5°C ~ + 55°C
Materials	Frame: Aluminium	Frame: Aluminium
	Shelf: Glass	Shelf: Glass
