Product overview

The new Vector profile is the ideal lighting solution for true handleless kitchen profiles and contemporary kitchen styles.

The profile has been purposely designed to be as small as possible, which ensures that it remains subtle and unobtrusive whilst emitting a powerful source of mood lighting. The vector profile easy to install and is supplied with a high-quality 3M VHB adhesive backing tape that sticks to any dry flat surface.

The Vector also offers many clever design features such as an angled light source that guarantees the diffusion of individual diodes, a removable strip mounting plate for serviceability and illuminated corner connectors.
