

Product overview

The Hype Pro R is a modern take on a classic fitting, featuring updated features that enable the product to change to match the customer's needs.

The body of the lamp now features magnets which enable the metal bezel to snap on/off, meaning that the material/finish can be updated to match current design trends.

CCT technology also comes as standard with this product which allows for seamless transitions between cool and warm colour temperatures. This enables the light source to mimic outside light conditions which is scientifically proven to have a positive impact on health.

Mechanical Specification

Product Name	Dimensions (mm)	Weight (grams)	IP Rating
All Variants	Ø65 x 11	61	IP20

Benefits

- Easy to use and install
- Ideal for both under and in cabinet lighting
- LED Technology for long life
- Human centric lighting
- Low energy consumption

Key Features

- CCT – Enables seamless transition from cool to warm white
- Magnetic bezel enables the finish of the light to change
- High light output
- Can be recessed or surface mounted with the mounting collar
- Fully diffused light source
- Quick connect port enables the cable to plug directly into the back of the fitting

Technical Specification

Power	2W
Voltage	24V
Light Output	231~243lm
Lumen per Watt	116~122lm/W
Color Temperature	2700~6500K
Beam Angle	120°
Cable Length	1.5m
Operating Temperature	5°C to 45°C
Material	Stainless Steel & Polycarbonate
