

New Technical Bulletin No. 147

#### **Product Overview**

Accompanying the existing range of Titan Smart Drivers, the new RGBCCT version has been added to the range to enable smart control for any RGBCCT products.

Simply combine the Smart Driver with the Link-Sensio App to access a multitude of clever features such as dimming, colour changing and lighting schedules, or, if you want to truly unlock the full smart potential, combine with an Amazon Alexa or Google Home for voice-controlled lighting.

The Smart Driver also features all of the classic Titan attributes such as a low-profile body, integrated ports and protection from short-circuiting, overloading and electrical surge.

### Benefits

- Better value alternative to a receiver and remote control
- Ability to control the driver with Amazon Alexa and Google Home
- Easy to use just plug and play
- High efficiency
- Promotes inconspicuous installation

### **Key Features**

- Slim 16mm depth
- Integrated distribution ports
- 2m mains cable included
- Short circuit & overload protection
- Surge and thermal protection
- Kinetic compatible

### **Technical Specification**

Drivers	30W		
Rated Input Voltage (Vac)	220-240		
Input Voltage Range (Vac)	198-264		
Frequency (Hz)	50/60 ± 3%		
Output Voltage (V)	24 ± 5%		
Output Current (A)	1.25		
Short Circuit Protection	Yes		
Overload Protection	Yes		
Thermal Protection	Yes		
Surge Protection	Yes		
Operating Temperature	-20°C to +40°C		
Humidity	10% to 90%RH		
Mains Cable Length (M)	2		
Number of Ports	4
