## Product overview

The Aspect mirror is designed to be the focal point of any contemporary bathroom, offering a perfect balance of style and innovation. Its sleek floating-edge design exudes sophistication, while the integrated lighting creates an unparalleled, ambient glow that transforms the space.

The Aspect is equipped with an intuitive touch sensor, with a simple touch, you can adjust the brightness to your desired level, offering dimming functionality for a personalized lighting experience. The touch sensor also enables Tricolour, allowing you to switch between warm, cool, or natural lighting tones to suit different moods and needs.

Additionally, the built-in demister pad ensures that the mirror remains crystal clear, even in the steamiest of environments, eliminating fog and condensation.

With its combination of modern design and advanced functionality, the Aspect mirror elevates both the style and experience of your bathroom.
