

LUMINO (LITHIUM-ION BATTERY MIRROR)

The Lumino Battery Powered Mirror features patented EVO+ Lithium-Ion rechargeable battery technology exclusive to Sensio. Designed in the UK to use advanced technology to make everyday life easier. This mirror delivers exceptional performance, eliminating the need to constantly replace batteries, saving both money and the environment.

The Lumino mirror range uses LED technology keeping it energy-efficient and long-lasting life span. With its innovative design, installation is quick and hassle-free, simply secure the bracket with two screws and insert the battery, no need to chase any cables, making it a convenient choice for modern living.

BENEFITS
• Flexibility, convenience and energy efficiency
• Easy to use and install (No need for an Electrician)
• Portable and Rechargeable Lithium-ion battery
• Saving money in battery replacement (Lumino will cost 7p per charge based on 20min usage a day compared to £24 of AA battery replacement)
• Longer Life Span (Use LED technology in combination with Lithium-ion batteries)

KEY FEATURES
• Suitable for retrofitting
• Three times brighter than the Average AA battery mirror
• High Energy Density Lithium-ion battery(5000mAH)
• Quick Battery Charging
• Constant Brightness compared to AA battery mirror

TECHNICAL SPECIFICATION	
Battery voltage	12.6V
Battery type	Lithium-Ion
Battery capacity	5000mAh
Charging port	USB-C
Charge time	2 hours
Battery duration	>3month (based on 20min usage per day)
Colour temperature	Natural white: 4000K
Operating temperature	5°C to 45°C

RoHS

Unit 7, Speedwell Road, Castleford, WF10 5PY | +44(0)1977 522 020
