

LUNA ARCH MIRROR

The Luna Arch is a great addition to any bathroom, opening up the space with its curved design. TrioTone lighting technology can provide warm, natural or cool light perfect for any situation whether it be applying makeup or just setting an atmospheric mood.

With an easy-to-use touch sensor in the middle of the mirror the Luna Arch is easy to set up and even easier to use.

Installation is simple due to the z bracket at the back of the mirror. Simply screw another bracket into the wall and hang the mirror in any desired location.

BENEFITS

- Easy to use and install
- Backlit illumination
- LED technology for long life

KEY FEATURES

- Touch Sensor
- Demister Pad
- Diffused LEDs
- CCT Color changing LED's
- Intensity Dimming

TECHNICAL SPECIFICATION

Voltage	240V
Wattage	41W
Color Temperature	3000/4500/6500K
Dimmable	Yes
Demister Pad	Yes
Shaver Socket	No
Switch Type	Touch Sensor
Operating Temperature	5°C to 45°C
