

AURELIA LED CABINET

The AURELIA illuminated bathroom mirror cabinet is designed to seamlessly combine modern aesthetics with functional flexibility. It features high-quality LED lighting, touch-sensitive controls, and practical internal storage, delivering an elegant yet convenient experience for contemporary bathrooms.

The cabinet supports dimmable and colour-tunable lighting, and is equipped with an integrated shaver socket and USB ports, bringing together exceptional performance and refined design in one complete, premium solution.

KEY FEATURES

- Colour changeable lighting – Choose between warm (3000K), neutral (4000K), and cool (6000K) white to suit any mood or task
- Dimmable illumination – Easily adjust the brightness to your preferred level, with the touch switch
- Integrated shaver socket & USB ports – Includes a convenient shaver socket with USB ports (Type A&C) with its own on/off switch for added safety and control
- Touch-sensitive controls – Intuitive touch switch on the mirror face for seamless operation
- Integrated demister pad – Prevents mirror misting for a clear reflection, featuring a built-in timer that automatically switches off after 30 minutes for energy efficiency and safety
- Memory function – Remembers your chosen light colour and brightness levels, so your mirror is always set exactly how you like it – no need to readjust each time
- DTC soft-close hinges – High-quality DTC hinges feature integrated soft-close technology for smooth, quiet door operation and lasting durability
- When mounted, the cabinet is installed with a french cleat, which enables quick and easy mounting to the wall
