

VOLTA (LITHIUM-ION BATTERY CABINET)

The Volta battery powered cabinet features patented EVO+ Lithium-Ion rechargeable battery technology exclusive to Sensio. Designed in the UK to use advanced technology to make everyday life easier. This cabinet delivers exceptional performance, eliminating the need to constantly replace batteries, saving both money and the environment.

The Volta cabinet range uses LED technology keeping it energy-efficient and long-lasting life span. With its innovative design, installation is quick and hassle-free, simply secure the bracket with screws and insert the battery, no need to chase any cables, making it a convenient choice for modern living.

BENEFITS

- Flexibility, convenience and energy efficiency
- Easy to use and install (No need for an Electrician)
- Portable and Rechargeable Lithium-ion battery
- Longer Life Span (Use LED technology in combination with Lithium-ion batteries)

KEY FEATURES

- Suitable for retrofitting
- Three times brighter than the Average AA battery mirror
- Adjustable glass shelves for flexible storage.
- No wiring required for quick and easy installation
- IP44 rated for safe use in bathroom environments.

TECHNICAL SPECIFICATION

Battery voltage	12.6V
Battery type	Lithium-Ion
Battery capacity	5000mAh
Charging port	USB-C
Charge time	4 hours
Battery duration	>2month (based on 15min usage per day)
Colour temperature	Natural white: 4000K
Operating temperature	5°C to 45°C
Cabinet Wattage	5W

PRODUCT NAME	ORDER CODE	BARCODE
Volta Rectangle - 500x700 - Natural White	SE00060	5060861243362
Volta Rectangle - 600x700 - Natural White	SE00062	5060861243379

MECHANICAL SPECIFICATION

PRODUCT NAME	DIMENSIONS (mm)	WEIGHT (kg)	IP RATING
Volta - D1 - 500x700 - Natural White	W 500mm x L 700mm x D 138mm	13.7kg	IP44
Volta - D2 - 600x700 - Natural White	W 600mm x L 700mm x D 138mm	16.8kg	IP44
